ALESTORM "Back Through Time"

Style: Scottish Pirate Metal

Country: Scotland

Release Date: 03 June 11 (EU), 14 June 11 (US)

Avast, ye landlubbers! From the deepest darkest depths of eastern Scotland comes ALESTORM, a drunken band of two mad Scots and two Irishmen on an epic quest to slay posers, drink beer, and be the greatest damn band that ever did sail the Seven Seas! Describing their style as "True Scottish Pirate Metal", Alestorm plays an infectious blend of folk and power metal in the vein of Korpiklaani and Turisas, but with a unique piratical twist. ALESTORM are coming to kick ass and chew gum, and they're all out of gum.

ALESTORM formed in 2006 and after gaining a cult following in their local scene, they quickly inked a record deal with Austria's Napalm Records. After a few line-up changes early on, the band eventually settled on their current swashbuckling crew comprising Christopher Bowes, Daniel Evans, Gareth Murdock, and Peter Alcorn.

Drawing on wide stylistic influences, such as Bal-Sagoth and Primordial to name but a few, ALESTORM released their debut album "Captain Morgan's Revenge" in 2008 to great critical acclaim, followed swiftly by their sophomore album "Black Sails at Midnight" in 2009. Now, after cementing their reputation as a kick-ass live band with countless hundreds of shows around the world, ALESTORM returns in 2011 with their third album "Back Through Time".

"Back Through Time" promises to be an epic adventure through the piratical bad assery of 11 tracks, with many more drunken sing-along anthems than you

can shake a stick at. Expect songs about midgets. Expect songs about Wisconsin. You may even expect songs about travelling through time to kill Vikings, and of course, loads of songs about pirates doing what they do best: Kicking your ass and stealing your wenches!

"Back Through Time" will be released as a regular jewel case edition, a limited edition digibook including 2 bonus tracks, and as deluxe box set edition including the digibook and an exclusive Captain Morgan pendant.
